## *From the Principal's desk.....!*

***“Let us aim at leaving a better progeny for our country rather than leaving a better country for our progeny.  
Our country is what we are”***

*Dear Students*

*As we step into this new academic year, it is both an honor and privilege to extend a warm welcome to all new and returning students for the current academic year 2024-25. The purpose of education is to teach our children to think and develop a capacity to reason out facts. The role of education is definitely not limited to giving and grasping knowledge and theory rather, the ultimate goal of education is the discovery of the meaning of life and its fulfillment. Thus, education plays a key role in the overall development of the society. To achieve success, students should keep in mind the importance of hard work, dedication, preservice, importance of planning and prioritizing their importance and its effective use. Do not surrender or become a slave to youthful fancies and indulgences. Learn to enjoy hard work – particularly your studies. Preserve our heritage and environment for our self as well as for the next generation.*

*We at MSCM Govt. College, Thural are very happy that you have chosen to join our college to acquire new knowledge. Our motto is to impart right kind of knowledge to young learners through academic and extra co- curricular activities which help in the development of their personality. Our college has been running courses of Humanities, Science, Commerce and self-financing courses BCA & PGDCA. With professionally competent faculty members, spacious library, extensive campus, well equipped computer lab with Internet Connectivity, Sports facility, a host of extracurricular activities, NSS unit, Rovers and Rangers, we at MSCM Govt. College, Thural are committed to work for the overall development of the students by channelizing their energy.*

*Finally, I would like to welcome on behalf of the MSCM GC family, all our prospective students to this college - a unique place to learn to achieve academic and personal excellence and to shape their future. May you achieve success in all your endeavors but at the same time learn to embrace failures as lessons rather than disappointment. I hope your college journey taught you some metamorphic lessons and gave you some unforgettable memories you would cherish for a lifetime. As the Principal of the college, I shall endeavor to the best of my capacity to turn the dreams of students into reality.*

*I wish you all a very bright and successful future ahead...*

### **Choice Based Credit System (CBCS)**

#### **An outline of the course:**

Admission to the bachelor's degree (B.A./B.Sc./B.Com.) will be according to the choice based credit system(CBCS).The main feature of the choice based system (CBCS) is to make Undergraduate courses student centric rather than system centric or teacher centric. In order to achieve this objective, the CBCS strives to create a holistic syllabus. It comprises of the following three courses:

- **Core Course.**
- **Elective Course.**
- **Ability and Skill Enhancement Course.**

**Core Course** refers to a course, which should compulsorily be studied by a candidate as a core requirement is termed as a Core course. Additionally, to focus on a discipline through core papers in general curriculum, **elective papers** have been introduced that will provide students the freedom to choose the allied/applied/broad areas of their discipline.

**Elective Course** generally a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/ subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an Elective Course

So, the CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising core, elective and skill based courses. These courses can be evaluated following the grading system. This will benefit the students to move across institutions both within India and across countries. In order to bring uniformity in evaluation system the computation of the Cumulative Grade Point Average (CGPA) is based on student's performance in examination as per the UGC formulated guidelines. However, in keeping with the spirit of CBCS the students will have complete freedom to choose these courses from a pool suggested by the UGC/University.

### **Advantages of the choice based credit system:**

- Shift in focus from the teacher-centric to student-centric education.
- Student may undertake as many credits as they can cope with (without repeating all courses in a given semester if they fail in one/more courses).
- CBCS allows students to choose inter-disciplinary, intra-disciplinary courses, skill oriented papers (even from other disciplines according to their learning needs, interests and aptitude) and more flexibility for students).
- CBCS makes education broad-based and at par with global standards. One can take credits by combining unique combinations. For example, Physics with Economics, Microbiology with Chemistry or Environment Science etc.
- CBCS offers flexibility for students to study at different times and at different institutions to complete one course (ease mobility of students). Credits earned at one institution can be transferred.

### **Duration**

The UG (CBCS) programme for a regular student shall be for a minimum period of three years and a maximum of five years from the date of admission of the candidate.

### **COURSES IN PROGRAMMES**

The UG(CBCS) programme in the college affiliated to the HPU will comprise the following categories of courses. a. Core Courses b. Elective Courses c. Ability and Skill Enhancement Courses

**a. Core Course:** A course which should compulsorily be studied by a student as a core requirement is termed as Core Course. Number of Core Papers for a General Programme in Science (B.Sc.) shall be 12 and for General Programme in Arts (B.A.) & Commerce (B.Com.) shall have 12 Core Courses each. Besides, there will be 2 papers each of English and Hindi/MIL in B.A./B.Com) as Compulsory Courses. The course designed for papers under this category aim to cover the basics that a student is expected to imbibe in that particular discipline.

**b. Elective Course:** Generally a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/ subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an Elective Course.

- **Discipline Specific Elective Course** (2 each for regular courses): Elective courses offered under the main discipline/subject of study is referred to as Discipline Specific Elective.
- **Generic Elective (GE) Course** (2 courses each for B.A./B.Com. regular courses): An elective course chosen from an unrelated discipline/subject, with an intention to seek exposure beyond discipline/s of choice is called a Generic Elective. The purpose of this category of papers is to offer the students the option to explore disciplines of interest beyond the choices they make in Core and Discipline Specific Elective papers.

**c). Ability Enhancement Compulsory Courses (AECCs):** —AECC courses are the courses based upon the content that leads to Knowledge enhancement. These are: Environmental Science, English Communication/Hindi Communication/MIL Communication. These are mandatory for all disciplines.

**d). Skill Enhancement Courses (SEC) ( 4 for regular courses):** SEC courses are value-based and/or skill-based and are aimed at providing hands-on-training, competencies, skills, etc. These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based knowledge and should contain both theory and lab/hands-on/training/field work. The main purpose of these courses is to provide students life-skills in hands-on mode so as to increase their employability.

**e).** An undergraduate degree in Science disciplines may be awarded if a student completes 4 core courses each in three disciplines of choice, 2 Ability Enhancement Compulsory Courses, minimum 4 Skill Enhancement Courses and 2 papers each from a list of Discipline Specific Elective paper based on three disciplines of choice selected above, respectively.

**f).** An Undergraduate degree in Humanities/ Social Sciences/ Commerce may be awarded if a student completes 4 core papers each in two disciplines of choice, 2 compulsory core papers each in English and Hindi/MIL, respectively, 2 Ability Enhancement Compulsory Courses (AECC), minimum 4 Skill Enhancement Courses (SEC), 2 papers each from a list of Discipline Specific Elective papers based on the two disciplines of choice selected above, respectively, and two papers from the list of Generic Electives papers.

## EVALUATION SYSTEM

All courses of undergraduate degree (Core, DSE, AECC & SEC) involve an evaluation system of students that has the following two components: a) Continuous Comprehensive Assessment (CCA) accounting for 30% of the final grade that a

student gets in a course; and b) Annual Examination accounting for the remaining 70% of the final grade that the student gets in a course.

**a) Continuous Comprehensive Assessment:**

This would have the following components:

**I. Classroom Attendance:** Each student will have to attend a minimum of 75% Lectures / Tutorials / Practical's. A student having less than 75% attendance will not be allowed to appear in the annual Examination. - Those having between 74% and 65% attendance will apply for exemption in a prescribed form accompanied by clear reason(s) for absence to the authorized functionaries. - Those having between 64% and 50% attendance will apply for exemption in a prescribed form accompanied by a Medical Certificate from a Government Hospital. - The exemption from 75% attendance will be given to those participating in prescribed co-curricular activities (e.g. NCC, NSS, Youth Festivals, Sports, etc.) to the extent of 25% (making the necessary attendance as 50% in the annual examination cases). However, the claim for this exemption should be supported by authenticated certificate from the concerned college authorities. - Candidates who are getting the exemptions, except for those getting exemptions for co-curricular activities, will not be entitled for getting the CCA marks for classroom attendance as given below:

**II. Classroom Attendance Incentive:** Those having greater than 75% attendance (for those participating in Co-curricular activities, 25% will be added to per cent attendance) will be awarded CCA marks as follows (out of 5):-

- i) 75% to 79% - 1 mark
- ii) 80% to 84% - 2 marks
- iii) 85% to 89% - 3marks
- iv) 90% to 95% - 4 marks
- v) 95% above - 5 marks

**III. Mid-Term examination** There will be one house examination, to be conducted when approx. 2/3 of the syllabus has been covered. This examination will be for 15 marks and will be conducted by the college in consultation with the teachers. In laboratory courses (having only practical (P) component), the students will be tested on the basis of laboratory exercises given by the course teacher concerned. Rest of the procedure will remain the same as above. The remaining 10 marks of the CCA will be awarded on the basis of seminar / assignment / term paper etc. that the course teacher might give to the students.

**b) ANNUAL EXAMINATION** The remaining 70% of the final grade of the student in a course will be on the basis of an annual examination that will be for three hours duration and will be covering the whole syllabus of the course.

**Note:** Only those students will be allowed to appear in the annual examination who are successful in the CCA.

\* A candidate who does not pass the annual examination in any course(s) or due to some reason is not able to appear in this examination, other conditions being fulfilled, and so is considered as 'Fail', shall be permitted to appear in such failed course(s) in the subsequent supplementary/annual examination as per the instructions issued by HP University Shimla time to time.

\* The registration for the annual examination will be done at the time of the enrolment for the course at the beginning of the session. The fee for the annual examination will also be collected at that time as decided by the university from time to time.

\* A student, who fulfills all the requirements for appearing in annual examination, is unable to appear in the examination or to complete it on account of his/her own serious illness, accident, or on account of the death of near relative (mother, father, brother and sister), or the dates of state or national level examinations falls on dates of the annual examination may be allowed to appear in the annual examination in the next academic year.
